

Eastover's Guide to Matching Gifts

Would you like to double the power of your gift to Eastover? Many companies will match charitable contributions their employees give to schools, thereby doubling the impact of your donation. *Invest in Your Child* and *Boosterthon* are both fundraisers that can be enhanced by your matching gift.

When completing your employer's matching gift paperwork, please be sure to select "Eastover Elementary PTA" as the matching gift recipient when submitting a matching request and notify PTA Fundraising Co-Chair, Crystal Metz, crystalmetz@gmail.com, about your request.

We received matching gifts this past year from the following employers:

Bank of America
Fidelity
LPL Financial

Regions Financial Corporation
TIAA-CREF
UBS
Wells Fargo

*Please note: Specific instructions for Bank of America, Foundation for the Carolinas, and Wells Fargo will be available on the PTA website. There are new guidelines this year, specifically for Wells Fargo employees.

Many other regional employers also have matching gift programs. The following list is **not comprehensive**, so please check with your HR department to see if your employer offers this benefit and to confirm eligibility and guidelines.
