Dear New Eastover Families

Welcome to Eastover Elementary! We are excited that you have chosen Eastover as the school of choice for your child. Student success for ALL is our goal here at Eastover, and we welcome you as a new member of our school.

Here at Eastover, we are family - I can firmly attest to the welcoming environment of our school to newcomers. Eastover prides itself on making everyone feel included and offers multiple opportunities for engagement both in and out of the classroom.

Not only is Eastover a friendly neighborhood school, but it is also grounded in academic excellence. I believe with our dedication to high quality instruction, rigor, relationships, and student engagement, every student will learn to his or her full potential.

Since much of a student's education expands beyond academics, Eastover ensures that all students have a well-rounded experience by offering a wide variety of activities that appeal to our diverse student body. I firmly believe Eastover students are more prepared to adapt to and participate in an evolving world because of the high-quality education we offer at our school.

I am thrilled to see the enthusiasm of our staff and students as I walk through the halls. There is so much happening here and I am excited that we are on this journey together.

Please contact me at susans.nichols@cms.k12.nc.us with any questions. We look forward to seeing you next year!

Sincerely,

Susan Nichols

Susan Nichols, Ed.D.
